

Reception Summer Holiday Project 2018

In Year 1 in the autumn term children will be visiting Weston Park to find out about toys from the past.

During the summer holiday support your child in creating a fact file about toys from the past. Could you draw, label and write about a toy from the past.

Children will share their work as part of mat and chat session during their first week back at school in September.

We look forward to reading your interesting facts.

Please return your project to school on Tuesday 4th September.
