Grove school

Mobile telephones acceptable use policy

1. Aim of the policy.

The increased use of mobile telephones requires that staff, agency professionals, parents, pupils and volunteers take steps to ensure that mobile phones are used safely and responsibly on the school site.

The following policy provides guidelines for all regarding the acceptable and appropriate use of mobiles in school and on educational/residential visits.

2. Why do we have a policy for the acceptable use of mobile phones?

- The use of mobile phones can be disruptive to learning
- Mobile phones are vulnerable to theft, loss or damage
- The use of phones as cameras or video recorders could lead to safeguarding and data protection risks with regard to unauthorised capture and/or distribution of images

3. Statement on the use of mobile phones and cameras

Personal mobile phones and cameras should not be used on school premises by staff or pupils during the hours when children are on site. If a member of staff needs to take or respond to a personal call then the PPA room, staffroom or outside the grounds can be used for this purpose. This applies to staff contracted by school e.g agency professionals, site contractors.

When visitors to school and agency professionals sign in at the main school office, the administrative team overseeing their signing in will verbally remind visitors and professionals that the use of mobile telephones is prohibited in all spaces where there are children and should they wish to make or respond to a call this must be done in the staffroom or outside the school site.

To be reviewed autumn 2018

To be reviewed autumn 2017

Pupils will not be allowed to bring mobile phones onto the school site without the express written request from a parent, and response, in writing, from the head teacher.

Administrative staff and members of the senior management have been issued with a school mobile telephone and are authorised to use mobiles allocated by school in school time for school related issues. These phones can be checked and use verified by the head teacher. The school has mobile telephones for use in the Forest School areas, by the Aspire coaches and for staff taking children swimming..

Parents are requested to switch off mobiles when they enter the school building. Any parents using a mobile phone on site will be asked to turn it off by any member of staff who observes use. All staff have a responsibility to be vigilant and act straight away. Parents may use mobile telephones for photography purposes in assemblies. Staff must maintain vigilance at these times and address any behaviours which concern them, paying particular attention to any requests from parents and carers who do not wish their child to be photographed.

Staff can use school mobiles whilst on off site visits. These phones will be provided by school.

4. Statement on the photographing of pupils on and off site.

Parents have the right to request, in writing, not to have their child photographed. This request should be made to Mrs P Matty, Head teacher.

Staff can photograph pupils for the following reasons using cameras and recording equipment allocated by school:

- To record a pupils progress and inform observations
- To record events on site and off site that children participate in
- For display purposes
- Photographs taken by staff are processed and printed on school premises
