

Grove School  
Year 1 Holiday Project May 2019

Feathers, Paws, Fins and Claws

When we return after the half term break we will be going animal mad!

We have our very exciting trip to the zoo to look forward to, so we need to become animal experts.

Homework for the holiday is to make a fact file for a creature of your choosing.

Find out what it looks like, what it likes to eat, where it lives and what is special or interesting about it.

You can choose how you present your fact file. You can use the template on the back of this paper, or you can create a poster, or a leaflet. You can even create a book. The choice is yours!

Happy fact hunting, Safari Sleuths 😊

Please return your holiday project to your teacher on Monday 3<sup>rd</sup> June.
