

# Year 2 to Year 3 Holiday Project Summer 2019

In Year 3, we are going to be learning about Extreme Weathers Around the World. This will include exploring the different kinds of weather such as tsunamis, tornadoes, hurricanes, heatwaves, blizzards and sandstorms.

We would like you to choose one of these tasks:

- Create a weather diary for the summer holidays.
- Choose one of the types of extreme weather and create a fact file/piece of art to represent it.
- Create a travel guide to another country that you have visited or would like to visit that gives detail about the weather and what you can do there.

Please return your project to your teacher on Wednesday 4<sup>th</sup> September.
