

Year 3 Holiday Project

Easter 2019

Next half term, we will be comparing physical and human geography in local areas around Birmingham. This will link into our visit to Sandwell Valley.

We would like you to create two different pieces of art to represent places in your local area.

Consider completing collages, photographic art sketches, paintings, 3D creations or something else to make your pieces of art.

Take the time to visit different places around the local area with family and friends. These could be used as an inspiration for your artwork.

As an additional piece of work, we would like you to choose one of the places that you have created artwork for and produce a fact file with detailed information about it.

We would also like you to bring some photographs of you in different places around Birmingham that we can use for display. Make sure you ask your parents for permission before bringing them into school.

Please return to your teacher on Monday 29th April 2019
