

Year 5 Holiday project

Autumn Half Term 2019

As part of our topic on jewellery making we would like you to find out as much as you can about one of the most famous jewellers the world has ever seen. His name was [Gustav Faberge](#),

You need to research about him and his family. You could create a web page using J2e5 on BCFL, a poster, a booklet or a biography. You could imagine you are one of jewellers involved in designing his famous Faberge eggs.

Faberge was famous for designing beautifully decorated 'eggs' for the Russian Tsars (Kings).

We would like you to either design your own Faberge egg or make one (or both) using recyclable material like old bits of plastic, bottle tops, pasta shells and card etc.

Return your work to your teacher on Monday 4th November 2019.
