

Year 6 Holiday Project

December 2019

Full steam ahead!

Next half term, our topic is the history of Handsworth. We will be learning all about two very important men in the history of Handsworth: James Watt and Matthew Boulton.

Your task is to research these two men and find out why they are so important.

You may want to think about:

- The time period they lived in
- How the two men met
- The invention of the steam engine and its importance in society
- Their connection to Soho House
- Why they are still remembered today.

You can choose how you present your research. This might be in the form of a poster, a power point presentation or you could use BGFL.

Please return your holiday project to your teacher on Monday 6th January 2020.
