November monthly Newsletter

Headteacher's Message

Welcome back to the start of the new term. We hope families who celebrated Diwali enjoyed their time together. It was lovely to see so many parents at our celebration assembly last Friday.

Influenza vaccination

We are working to improve pupil attendance. You will have received information from the school immunisation team about the winter influenza immunisation. I would encourage parents to get their child vaccinated against influenza. Doing so will help keep the school community healthier during the winter months. Here is the link to the website for you to find out more:

https://www.schoolvaccination.uk/

The term ends on Friday 18th December. Pupils will be dismissed at 1.45pm on this day.

Reporting Absence

We are delighted that our whole-school attendance is currently **95.7%**. This is a wonderful achievement and reflects the fantastic support we receive from our families.

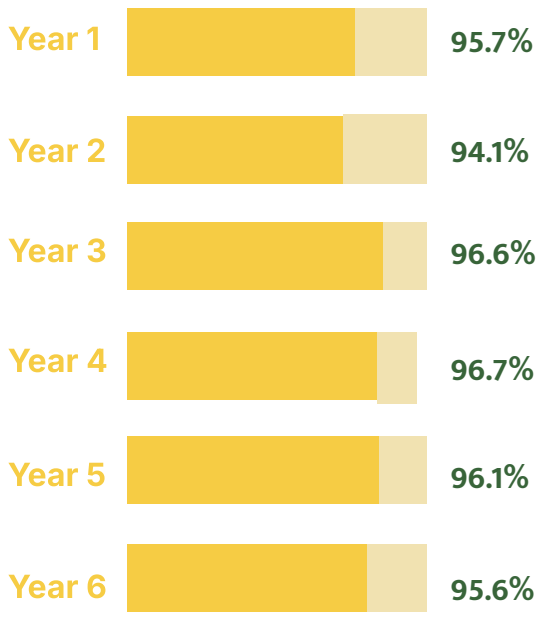

Every day in school helps children learn, grow in confidence and enjoy being part of our school community. Your commitment to getting children into school each day makes a real difference, and we are very grateful for your support.

Thank you for working in partnership with us. Let's keep up the great work together and continue giving our children the very best opportunities to succeed.

Attendance Matters

Grove School

Curriculum in focus

Check out the school website for insights on what your child has been learning and will be learning this term.

Safe screen time

The government's latest guidance highlights the importance of helping children develop healthy screen habits. Families are encouraged to balance screen use with reading, conversation, outdoor play and quality family time.

Simple steps such as keeping mealtimes screen-free, choosing age-appropriate content and setting clear boundaries can have a positive impact on children's wellbeing and development.

At Grove, we value the many experiences that help children learn, grow and thrive, both online and offline.
