

# Year 3 Holiday Project

## February 2021

Next half term our science work is about the human body.

This half term holiday we want you to imagine you are stranded on a desert island.

You need to make a plan.

What will you eat? What will you drink? How will you keep warm and dry?  
How will you sleep? What will you use for shelter? How will you attract attention to be rescued?

You can draw images, use J25, make a model or think about exciting ways to share your plan.

Email your plans to your teacher by Monday 22<sup>nd</sup> March 2021
