

## Year 3 Holiday Project February 2022

In Spring 2, Year 3 will be studying 'Amazing bodies' as part of our Science topic.

Can you research and design a scientific diagram of a skeleton?

Your diagram can be 2D or 3D. Be creative with your ideas but remember to label it.

### Things to think about

- What are your bones used for?
- How many bones are in the human body?
- How are the bones arranged?
- What scientific and common names can you find?
- Why are bones different shapes and sizes?

You can complete this project on J2e or using materials at home.

Please return your project to your class teacher on Monday 28<sup>th</sup>  
February 2022
